FORTY-ONE OF THE CHERRY MINERS RESCUER FROM LIVING TOMB.

Great Rejoicing Follows the Return to Life of Men Given Un as Dead-Still Others May Be Found.

Hearst News Service.

Cherry, Ill, Nov. 20.-Forty-one men alive and comparatively well have arisen from their graves, and before twelve more hours have elapsed at least a hundred probably will have followed them in arising from the flery sepulchre in which they have been entombed six days.

In these six days the rescued men have passed through a horror the like of which never has been described even in fiction. Without food, heat or even air, the men gnawed at the bark of the logs used for supports in the mine, erected an earth wall to Deposit Was Made in Local Bank protect themselves from the deadly black damp of the mine and successfully fought off the death that appeared so imminent, until they were finally rescued shortly after noon to-

Cherry tonight presents the most remarkable contrast to the stricken village that it was six hours ago that the mind can picture. From the very depths of despair some of the women and children of the town have suddenly become almost insanely happy. Women who a few hours ago were hysterical or dumb with grief tonight are marching the streets singing and shouting or quietly holding the hands of the men who have been snached from the grave.

Lined up in the morgue are scores of black coffins that will be thrown out to be burned, as the men who were to have been buried in them tomorrow or Monday are now seated by their own firesides with their fam-

The mine experts from nearly every state in the union who ridiculed the ones who were bold enough to suggest that life existed in the cepths of the mine tonight are leading reconnoitering expeditions into the far, away drifts of the mine, where they are now convinced that more men will be found alive.

Those who have been rescued can only thank themselves and the scientific knowledge of one of their number for the fact they are still alive. From the moment that they were trapped in the blazing shaft last Saturday until they were carried from the mine the men have battled with death. It was Walter Wait, assistant mine superintendent, who headed this group of men. After discussing various plans it was finally agreed that the only hope of reaching the apper surface lay in outside assistance ,and they backed away from the smoke and accumulating gases into the dark passages which alone offered a means of escape. Finally Waite suggested the plan of throwing up a temporary wall to block out the flames, and take advantage of any opportunity of escape that Providence might

Mrs. Lemuel S. Norton and Daughter, Miss Helen.

Mrs. Lemuel S. Norton and daughter, Miss Helen, the reader, will leave about the middle of next month for Phoenix, Arizona, where they will spend the winter for the benefit of Mrs. Norton's health.

While absent Miss Helen will likely give readings at Phoenix, Douglas and other cities in Arizona; and in case she does the Democrat-Sentinel desires to commend her to the people of the territory, knowing full well that any entertainment at which she appears will be truly meritorious, and worthy of the patronage of the very best citizenship of the cities which she favors by her presence.

and Withdrawn-Then Checks Were Issued and Cash Secured.

A demure looking woman, of small stature, with reddish blonde hair, entered Guenther's dry goods store late Thursday afternoon and made a small purchase. She tendered a Citizens' National bank check for \$10 in payment, the check bearing the signature of W. A. Collins.

After securing her change she left the store. Proceeding directly to the Flower-Barnett Dry Goods company's store she purchased a small veil. At this place she also tendered a Citizens' bank check for \$10, bearing the signature of W. A. Collins. Securing the change she left.

Saturday the checks were returned to the respective business houses and on their face was written, "No funds."

The proprietors of each house has tened to W. A. Collins, the attorney, to ascertain why his wife had given checks on a bank, when he had no funds on deposit.

"That's not my check because don't write my signature that way," the attorney told them and the business men then went to the bank.

Assistant Cashier R. F. Harris recalled the fact that a man, a stranger here, had entered the bank Thursday and deposited \$25. Later in the day he returned and withdrew \$21. When asked why he did not withdraw all he had deposited the stranger said he had issued two other checks that would consume the amount he had placed on deposit.

St. Paul, Minn., Nov. 20.-In an opinion written by Circuit Judge W. M. Sanborn, of St. Paul, filed in St. Louis and St. Paul today in the United States circuit court for the district of Missouri, it was held that the Standard Oil Company of New Jersey is an illegal corporation and it was ordered that it be dissolved.

The case was heard in the United States circuit court in St. Louis last April by Judges Sanborn, Van Deventer, Hook and Adams. All of the judges concurred in the opinion.

The suit was brought to enjoin John D. Rockefeller, William Rockefeller, Henry M. Flagler, H. H. Rogers, John D. Archbold, the Standard Oil Company of New Jersey, Oliver H. Payne and Charles M. Pratt from maintaining a combination or conspiracy in restraint of trade.

The "Treacle" Bible.

The Treacle Bible got its name from its rendering of Jeremiah viii, 22: "Is there no treacle in Gilead," instead of balm in Gilead. It was printed in 1568. The same text was rendered in the Douai version, 1609: "Is there no rosin in Gilead?" This Bible was called the Rosin Bible.

RANS-ATLANTIC ARTISTS DO-ING EXCEEDINGLY WELL IN LONDON NOW.

AMERICAN TALENT APPRECIATED

Plenty of Room Abroad for All First-Class Actors and Actresses-Some of Those Who Have Made Big Hits.

London, Nov. 20 .- The exchange of theatrical talent between Great Britain and America is becoming more brisk every season, and the London vaudeville stage especially scintillates with Trans-Atlantic "stars."

The old complaint, repeated by Miss Marie Dresser, that American talent is not appreciated on the English stage, is laughed to scorn by the American artists who now dominate the Palace Theater of Varieties and other music halls; and the genuine success of Miss Rose Stahl in the 'Chorus Lady" last season clearly proved that there is plenty of room here for first-class actors and actresses from "the other side."

Just as present the American entertainer, 'Lafayette," is drawing great audiences at the provincial vaudeville theaters, and at Brighton last week his highly original show was received with immense enthusiasm.

Miss Clarice Vance has been received so well that she declares she wants a perpetual engagement in this

Miss Helen Mar is an established favorite in London, and as a reciter and "story teller" has had many imitators, but she still reigns supreme at all private and charity

Mr. Seymour Hicks, by the way, is to present Mr. Richard Harding Davis' play next month, and Mr. Charles Hawtrey, who is at present occupying that play house, will have to flit to another. Mr. Davis' play is called the 'Dictator" and is a musical comedy

Silk Sale Extraordinary!

Our Silk and Dress Gooos buyer returned from St. Louis Saturday. He bought more than 3000 yards of richly elegant and superb new Silks in one of the greatest Silk Sales St. Louis has ever known. For years the Morris Woolf Silk Company have been leaders of silk selling at wholesale in St. Louis and are most favorably known there. This firm removes to larger quarters and leaves St. Louis to locate in Chicago. Rather than move the great stocks of superb silks they have sold them at a tremendous sacrifice. We secured more than 3000 yards of clean, perfect new silks in this season's choicest patterns and colorings, and they go on sale Monday morning at

Here is a purchase that will bring joy to every woman's heart and purse. It will surely prove a silk feast for richness of materials, varieties of colorings and lowness of prices has seldom if ever been duplicated. The newest, best, most wanted and handsomest silks you ever laid your eyes on will go at merest fractions of true worth.

What Roads Owe to Salt. Roads, we are told, owe a great deal to salt. According to one theory, the oldest trade routes came into existence as a result of the traffic in salt One of the oldest roads in Italy is the "Via Salaria," along which the people of the Sabine country obtained their salt from the salt pans of Ostia. Salt was the main merchandise carried in the trans-Libyan caravans of the days of Herodotus, and salt is one of the Sahara caravar routes to-day. Salt Jeweler and Optician. and salt fish, it is interesting to remember, entered largely into the commerce of the Carthaginians. The latter, by the way, was considered a delleacy in those pre-Christian days.

Some Beautiful Signs.

Manager E. J. Adamson, of the Jesse French Piano, had two beautiful signs installed at the entrance to the store Saturday. On one side in large gold letters inlaid with pearl is the name of the firm, while on the other side is the word "Pianos" in gold letters with a solid black background. The signs are the first of their style in Sedalia and theih beauty and attractiveness bespeaks their value. They attracted the attention of all passers-by Saturday and Saturday night.

"The density of the iris plays a leading part in my diagnosis. The pupil of the eye shows, for instance, changes in the intestines of the body; tions of the stomach. Looking at the pupil slantly you can perceive the state of the patient's legs, etc."

Such was the astounding statement made by an evangelical pastor, Emanuel Felks, of Repelen, nicknamed the "mud pastor," before the provincial court of Crefeld, where he was summoned to answer a charge of involuntary homicide through false treat-

ment of a young baker's assistant. According to his own statements, the pastor's little cottage was crowded daily by about fifty to sixty patients ter themselves with a certain kind of mud to be healed.

A great number of medical experts attended the trial, at which, strange to say, patient after patient, whom the pastor had cured, entered the witness box to give evidence in favor of the supposed quack.

We Must Move! We Have No Choice in the Matter! Our Lease Has Expired and Cannot Be Renewed! Our Entire Stock MUST Be Closed Out—And We're Naming the Prices That'll Do It!

The announcement in last Sunday's paper that the Globe must move created a sensation among the public and in business circles! Everybody knew of the great success this store has scored—and presumed we would remain in this building indefinitely. We thought so ourselves, and the landlord's mandate that we must vacate caught us unawares! We had prepared for a tremendous Fall and Winter business-we purchased the greatest stock of Clothing, Shoes, Hats and Furnishings in our history. Now our plans are all knocked sky-high-we cannot risk carrying so large a stock-we cannot afford to pack it up and move it into a new location! This stock must go-that's all there is to it-and to accomplish this object we have cut every price in the entire house to a lower level than you have ever before known-presenting the greatest array of values in the annals of clothing selling in this city.

Great Sale of Silks From Morris Wolf Silk Company Continues

For years the Morris Wolf Silk Co. have been prominent among the wholesale silk firms of St. Louis, but have lately decided to quit their present location. Rather than move their great stocks of superb siles, they sold them at a tremendous sacrifice. We secured thousands of yards of clean, perfect, fresh, new silks in this season's choicest patterns and colorings and they went on sale yesterday. Scores of patterns were sold the first day, but owing to the immensity of this purchase, there are still good selections for tomorrow's selling. Come tomorrow for the best silk bargains of the year. MRS. I. L. LOWE DEAD

Husband Former President of George R. Smith College.

Mrs. Ella King Lowe, wife of I. L. Lowe, for eight years president of the George R. Smith college in this city. died from a complication of diseases at her home at Sterling, Neb., Thursday, after an illness of several months.

Mrs. Lowe's illness originated last September, while she and her husband were attending a Methodist conference at Lincoln, Neb. Since that date she had been in failing health.

Deceased was born at Amherst, Mass., on July 29, 1846. She was an active member of the Methodist church, and always had the interest of that faith at heart. On July 6, 1881, she was united in marriage to her surviving husband, who, with an adopted daughter, Jessie Opal, three brothers and one sister, will have the sympathy of every acquaintance.

Brief funeral services were conducted at Sterling Friday, after which the remains were shipped to deceased's former home in Massachusetts, where burial will be made.

Dr. and Mrs. Lowe left Sedalia last September for Sterling, where they have been located since.

TAKEN TO STATE PRISON

Sheriff and Deputy Took a Quartette Saturday.

M. T. Henderson, sheriff, and Deputy James Card were passengers to Jefferson City Saturday noon, where they placed four prisoners in the state penitentiary, as follows:

Wesley Scott, negro, given a life sentence for murdering his wife.

Callie Jordan, negro, given ten years in the penitentiary for robbery in the night time, after he had refused to plead guilty and accept a twoyear sentence.

John Hamilton, negro, given five years for assaulting Constable John Jones at Smithton, and two years for carrying a concealed weapon.

> Contrary to former customs of announcing when prisoners are to be taken to the state prison, Sheriff Henderson said nothing to anyone outside of his office, in consequence of which only a few eager spectators were at the station to see the prisoners depart on their trip.

COURT HAS ADJOURNED

Everett Casto Granted an Appeal to the Supreme Court.

The following entries were made on the docket in the Pettis county crimnal court Saturday:

John Hamilton, assault, five years in the penitentiary; carrying concealed weapons, two years.

James Reed, larceny from the person in the night time; motion for new trial overruled and defendant sentenced to two years in the state penitentiary from November 4, 1909.

Callie Jordan, robbery in the night time; defendant sentenced to ten years in the state penitentiary from November 5, 1909.

Dr. W. T. Simonds and G. H. Corbett, manslaughter; trial set for the first Monday in January, 1910.

Everett Casto, who was given four years in the penitentiary for manslaughter, was granted an appeal to the supreme court, being released on a \$2,000 bond, signed by Peter Pehl. Judge Hoffman then adjourned court to court in course.

Seven in as Many Different Parts of Independence Friday Night.

Hearst News Service.

Kansas City, Mo., Nov. 20.-Seven fires in as many different parts of town were discovered at Independence, Mo., ten miles east of here, late last night. The night watchman at the factory of the Burnham-Hanna-Munger Dry Goods company declares the fires were the work of four boys, with whom he had exchanged shots after they had thrown a burning cloth against the rear of the factory. None was hit.

The incendiaries escaped in the darkness, following their severing of electric light connections of the town. The loss from the fires is small.

The seat of the Women's union is in Berlin. At present there are thir ty-eight branches with nearly 5,000 members. The work of the branches is not only the acquisition of new members and the stimulating and awakening of colonial interest in women's circles of all classes, but they have also created their own spheres

of work in the colonies. For instance, one branch proposes to found a kindergarten in Southwest Africa, another gives a public library, another supports a mission

station, and so on. The older Women's Red Cross union, which was founded ten years ago, has undertaken to provide the colonies with hospitals and nursing sisters, and has already proved a great boon.

The police are investigating anothr brutal murder, which again raises the question as to whether the authorities should permit leaving young girls alone in charge of shops, where the till is likely to be of sufficient value to attract burglars, a question which has been engaging the attention of the public recently in consequence of the perpetration of more than one murder under these circumstances. ,

The present crime was committed in a baker's shop, a branch of a large establishment, where a young girl named Alice Raktowski, who was alone in the place evenings, but was accustomed to return to the head of fices and sleep with other girls dur The livery or boarding stable known ing the night, was found dead on the as the "Kulmer parn," 109 W. he had committed the crime. The police believe that the affair was not wholly due to robbery, and are inclined to connect it with a certain young man who had often been seen with the girl, and who, according to a statement made by the woman at whose house he lodged, re turned home at 3 o'clock in the morning with bloodstains clothes, and told her he had been in an accident. He left the house again before the woman arose for the day and has not been heard of since.

Weak Over-worked Women

Who are broken down and made invalids by the drudgery of never ending household cares and duties, or by over-frequent bearing and nursing of childern, and many other cares, burdens and strains which the weaker sex have to bear, are deserving of profound sympathy. But while sympathy is commendable what these unfortunate women most need is a good, honest, square-deal Restorative Tonic and Strength-giving Nervine and Regulator -one compounded and carefully adapted to act in harmony with woman's peculiar, delicate, ever sensitive organization.

Who so well fitted to select, carefully proportion the ingredients and compound a remedy for the cure of these distressing and often pain-wracking weaknesses and derangements, as the carefully and thoroughly educated and regularly graduated physician who has had a long and successful experience in treating just this class of cases.

Dr. Pierce's Favorite Prescription

THIS MEDICINE IS

THE ONE REMEDY Now, and for over 40 years, sold by druggists for Woman's Peculiar Weaknesses, and Distressing Ailments, gotten up by one having all of the above qualifications.

THE ONE REMEDY which absolutely contains neither alcohol (which to most Women is rank poison) nor injurious or habit-forming drugs.

THE ONE REMEDY which is so perfect in its composition and so good in its curative effects as to warrant its makers in printing its every ingredient, as they do, on its outside wrapper, verifying the same under solemn oath.

In all the above most important particulars, the "Favorite Prescription" stands absolutely alone—in a class all by itself—as woman's most reliable and trust-worthy remedy in time of sickness and distress. It is a pure glyceric extract made from American curative roots, found by long time experience most valuable in curing woman's weaknesses and derangements. The leaders in all schools of medical practice have endorsed each of its ingredients as of the best known remedies for the complicated affections for which it is recommended. These professional endorsements should count for far more than any number of lay testimonials. A booklet full of them sent free on receipt of name and address. HATES SOCIETY

Fat people have to get into clothes that are designed for people of normal physique. The men wear dress suits and look like comic pictures. CURES

Removing the outward symptoms is not all that is necessary to cure Contagious Blood Poison. The virulent germs which produce these external manifestations must be completely driven from the blood before a real cure can be effected. The least taint left in the circulation will sooner or later cause a fresh outbreak of the trouble, with all its hideous symptoms of ulcerated mouth and throat, copper-colored spots, falling hair, sores and ulcers, etc. Only a blood purifier can cure Contagious Blood Poison. Medicines which merely check the symptoms for a time, because of their strong mineral nature, and leave the poison smouldering in the system, have brought disappointment to thousands. The disease always returns after such treatment. S.S.S. cures Contagious Blood Poison and cures it permanently. It goes into the blood, and removes every particle of the poison, making the circulation pure, rich and healthy, nor does S.S.S. leave the slightest trace of the disease for future outbreaks. S.S.S. does not contain any mineral ingredient, but is made entirely of roots, herbs and barks, which are most valuable in their blood-purifying properties, and at the same time specifically adapted to building up the entire system. have Contagious Blood Poison S.S.S. will cure you because it will thoroughly purify your Blood. THE KHEDIVE OF EGYPT

Is to Make His First Pilgrimage to Mecca This Winter.

Special Cable From the Hearst News Service.

Egypt is to make his first pilgrimage to Mecca this winter, and this is possible only because Abdul Hamid no longer fills the throne of Turkey.

Although the Khedive has long ester, N. Y. wished to visit the holy places, the late Sultan always refused permission to his vassal, because he was afraid that the Egyptian monarch would gain prestige and influence among the tribes of Arabia, which would then be liable to make themselves more troublesome than ever to the Turkish government.

The new Sultan has gladly given his consent for the Khedive's pilgrimage, hoping that the Khedive may influence the turbulent tribes for good, making them more loyal and lawabiding. At present the poorer class of pilgrims to Mecca too often fall a prey to wild Redouin tribes, who plunder and murder them with impunity. Accompanied by his mother, the Khedive will start for Mecca on December 24 aboard his yacht, arriving at the holy city, via the port of Jed-

Secret Snares. Spreading by stealth through the residence sections, the gambling been free from the trouble." game in this town is today reported to be hidden far beyond the reach of the most inquisitive public authorities. Not one of the principal valaces of chance that flourished in the old days of Tammany rule are at present in active operation and apparently the days of the old guard of notorious gentlemen gamblers are ended here for all time.

Though these conspicuous snares are now apparently swept away forever, the web of the gaming spider is known to have been secretly spun through hundreds of back rooms and corridors of the best hotels and night resorts of the upper tenderioin. A small army of fly-by-night gamblers have been found to infest every lobby in the white light districts, and the victims of their secret wiles are be ing caught by scores each night.

Tooth Tinkering.

That the teeth of only 3 per cent o all New York's school children are in sound condition is the verdict of council of dentists, through whose ef forts free tooth treatment has been begun at several points in this city. Gross neglect of their masticating machinery is threatening to spread disease and death through the poorer quarters of this town, the dental experts declare, and every effort will be made to waken the youngsters, as well as their elders, to their immediate need for tooth tinkering. Though rows of dental chairs yawn, free of charge, for the accommodation of the children of the tenement districts in the clinics that have just been established, the people they are intended to save are fighting shy of the new

proposition. Even the tooth brushes that the dental benefactors are handing out are being received with some suspicion by the young beneficiaries. No one expects to see the dentist's drillings made more popular here even to the ownrs of the most neglected sets of teeth.

Police Packing.

To root up the central system of the police force from its old headquarters in Mulberry street and transplant it without a hitch into it: new building a mile uptown is a problem that is today perplexing the heads of the department here.

For months the preparations for this unusual shift of police centers have been made in the great structure which New York has spent many years and much money to erect for the proper housing of its bluecoats. Caravans of trucks bearing the belongings of the bureaus of headquarters are daily transferring their loads of files, furniture and police paraphernalia to their new home.

Elaborate arrangements for re-centering the police signal system with out the loss of a second are aiready under way. When this new focus for the force is opened at the end of this month, it is hoped that no part of its

important activities will have been seriously disturbed.

Suffragettes Seen.

Making a holiday for gaping crowds of idlers, a squad of militant suffragettes are today roaming the rublic squares of this town, trying to sell copies of a magazine setting forth their cause. Thus far only jeers and indulgent smiles have rewarded the efforts of these vigorous women, whose every step has been dogged by a curious and often rude throng of men and boys.

No attempt is apparently being made to convert he crowds to female suffffrage except through the sale of the printed doctrine. Downtown New York is always ready for street diversion, and for this purpose the innovation is proving chiefly welcome.

repentance. Of course, he can not save you if you will not repent. You can have salvation if you want to be saved from sin, but sin and salvation can never go together. There are people who talk about a scheme of salvation whereby men can continue in sin and yet be saved. It is impossible. Sin is damnation, and if a man will go on everlastingly in sin he will be everlastingly lost. But God is doing everything in His power to turn you out of the path of sin and destruction into the path of rightcousness and everlasting life. God has filleed the path of sin-the path that leads to hell-with obstacles. He has made it hard and bitter. A great many people are saying today, "The christian life is hard." It is not. "Christ's yoke is easy and hi hurden light" (Matt. xi, 30.) God tells us in his Word, "The way of the transgressor is hard" (Prov. xi 15.) God has filled it full of obstacles, and you can not go on in it without surmounting one obstacle after another. I am to talk to you tonight

The first one is the Bible. You can not get very far in the path of sin without finding the Bible in your way. The Bible is one of the greatest hindrances to sin in the world. With its warnings, with its invitations, with its descriptions of the character and consequences of sin, with its representations of righteousness, its beauty and its reward, with its pictures of God and God's love, the Bible always stands as a great hindrance to sin. It makes men uneasy in sin. That is the reason many men hate the Bible; they are determined to sin and the Bible makes them uneasy in sin, so they hate the Book.

about some of the obstacles God has

put in the path of sin and ruin.

The second obstacle God has put in the path of sin is a mother's holy influence and a mother's teaching. How many hundreds of men and wo men there are here tonight who are not yet christians, who have tried to ne infidels, tried to plunge down into sin, but your mother's holy influence and your mother's teaching won't let you go the way you want to go.

PEOPLE OF SEDALIA Another obstacle that God has pu in the path of sin and ruin is a mo ther's prayers. Do you know why some of you men are not in hell to night? Your mother's prayers hav kept you out of hell.

Another obstacle is the sermons we hear. How many thousands and tens of thousands of men are turned back from sin to God by sermons that they hear or read.

Another obstacle is a Sunday school cacher's influence and teaching. How many it brings to Christ! I want to say to you Sunday school teachers that a faithful Sunday school teacher s one of God's best instruments on earth for the salvation of the perish-

A kind word or an act God often throws as an obstacle in the path of sin. Let us go as missionaries of melted to tears by this solo, and we God's grace and block the path of sinful men and women with kindly deeds, and thus turn them to righteousness and to God.

ASK THE USER

Did you ever know a man who owned and used a genuine ROUND OAK STOVE? If not, and you are going to buy a heating stove, find one - for ROUND OAKS are everywhere-and ask him and his family what they think of it. That is the way to prove the ROUND OAK. We will abide by "THE RETURNS."

It never failed a user yet. It has friends everywhere. Why? Because it's a good honestly made stove; it heats up, it holds the fire, it saves the fuel and it lasts. Sound and perfect, it comes forward year after year-ready for business. There are reasons for the remarkable showing this stove has
